Without this signed authorization from the parent/guardian, hospitals in many states are obligated by law to delay treatment of a contestant's injury or illness until the parents can be reached by telephone and their permission granted to begin treatment. Such a delay can prove unnecessarily painful and even dangerous to the athlete, particularly if the parents cannot be reached immediately. To avoid such delays, the parent/guardian should check one of the options below and endorse the selection with his/her signature.

_____ If my child needs medical attention, it is my wish that I be contacted before any medical procedures are begun, unless immediate medical treatment is necessary to save my child's life or prevent permanent injury, in which event I authorize all necessary treatment.

_____ If my child, named above, needs medical treatment during this event, it is my wish that the necessary treatment be initiated while efforts are being made to contact me. So that treatment of my child will not be delayed, I consent to any medical procedures that the physician believes my child needs, on the understanding that efforts will continue to be made to reach me. I accept responsibility for all costs related to such treatment.
